

PROFESSIONAL-GRADE  
AUDIO RECORDING & STREAMING  
ON MOBILE PHONES!

PhoneMic-TypeC (2Mic)

PhoneMic  
Lavalier Wireless Mic

Unlock professional-grade audio for recording and streaming directly from your mobile phone with FINGERS PhoneMic-TypeC (2Mic).

## PhoneMic-TypeC (2Mic)

With its dual mic and receiver setup, you're not just capturing sound - you're crafting an experience. Designed for crystal-clear audio, this lavalier microphone ensures your voice is heard with unmatched clarity.

The included wind-muff filter effectively reduces wind noise.

Whether live broadcasting, streaming your adventures, or producing videos, PhoneMic is your go-to companion. Elevate your content with top-notch audio that's easy to use, portable, and reliable.

***Sound your best, wherever your creativity takes you!***

Lavalier Wireless Mic

Free Carry-on Hard Case

# Plug-n-Play Simplicity

No complicated setups or tangled wires here. Just plug in the receiver, clip or hold the mics, switch on the power, and it's connected and paired automatically. You're ready to capture & record pristine audio instantly. No adapter, apps, or Bluetooth required. It's as easy as pie!

## Pocket-Sized Powerhouse

*Sleek and Clip it your way*

Ergonomically crafted with sleek curves and a matte finish, it exudes premium design and is comfortable to wear. The textured metal mesh grille ensures an incredible audio detailing experience.

## Ultra-portable

With its compact and lightweight design, FINGERS PhoneMic can go wherever you go. Slip it into your pocket or bag, and you're set for on-the-go recording and streaming. It's like having a professional studio in your pocket!

# Versatile for *Every Occasion*

Whether you're doing network live broadcasts, live streaming your gaming sessions, creating video content or vlogs, filming, doing interviews, video teaching, podcasting, or more, this microphone set is your perfect companion. It handles it all with ease, ensuring you always sound your best.

*Double the Mics.  
Double the Fun.*

Use both microphones simultaneously for dynamic dual recordings. Perfect for interviews, collaborations, or capturing multiple audio sources at once.

## Crystal-Clear Sound with Noise Reduction

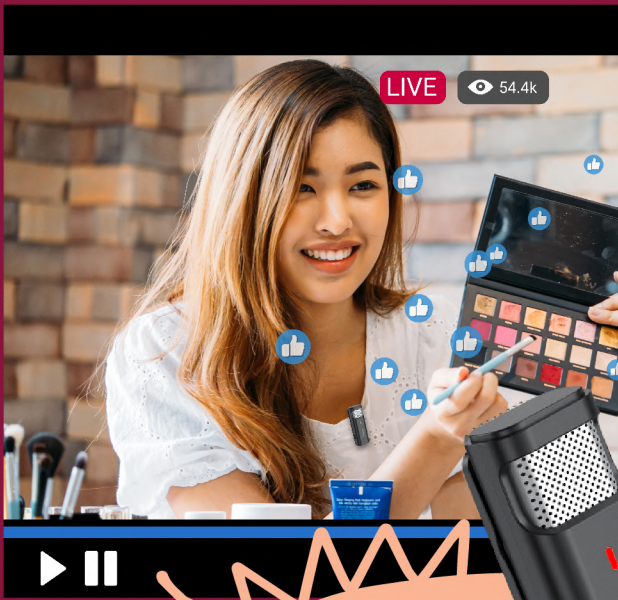

*Hear every word - No Noise. Just Pure Sound.*

Engineered with an **intelligent noise reduction chip**, this PhoneMic reduces the unwanted background noise and delivers professional-grade, crystal-clear sound with incredible detailing.

### Omnidirectional Polar Pattern

Picks up sound from all directions, ensuring every nuance and detail of your voice is captured clearly, even in noisy surroundings.

## With built-in Reverberation Effect

Add a touch of professionalism to your recordings with the built-in reverberation effect. Make your voice stand out and sound richer, as if you're in a high-end studio.

You can also temporarily mute by pressing the power button, with a red LED indicator, during unexpected situations without disconnecting the setup.

## Long Transmission with Ultra-low latency

Utilizing advanced 2.4 GHz wireless technology, enjoy stable audio signal transmission up to 20 meters (65 feet) with ultra-low latency (only 0.02 seconds delay). Experience near-perfect lip-syncing, move freely, and capture your best moments without being tethered.

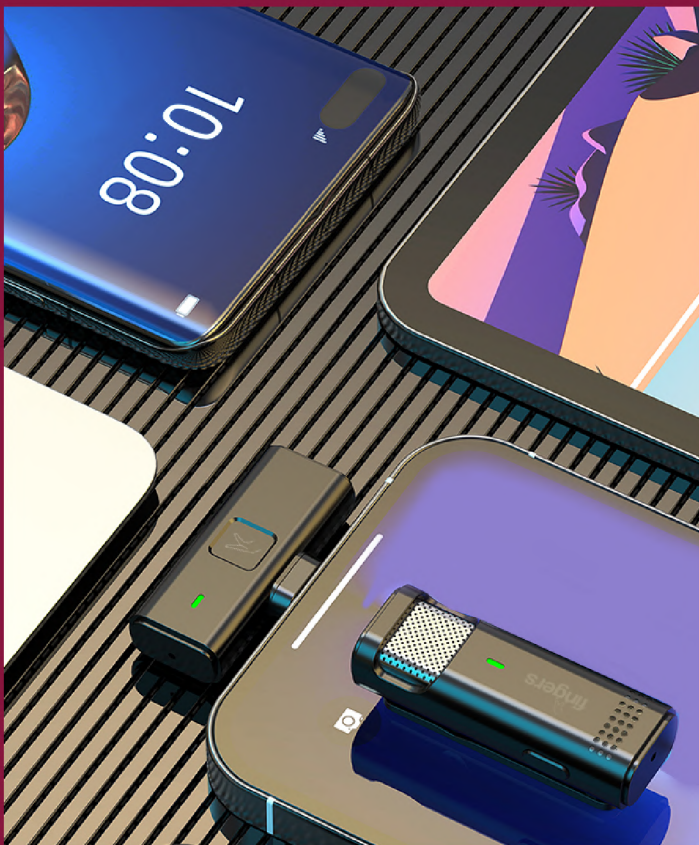

## Monitor while Recording

With a built-in ear return monitoring interface, PhoneMic lets you monitor your sound in real-time while recording, ensuring everything is pitch-perfect.

# Bundled with Wind-Muff Filter and Carry-on Hard Case

Minimizes even the harshest wind noise with the bundled wind-muff filter, so your voice remains clear and undisturbed, no matter where you are. A carry-on hard case is also included to safely store the wind-muff filter and other essential items.

## Seamless Integration with favourite apps

Compatible with all popular live-streaming apps, it integrates seamlessly to enhance the audio quality.
